

GLOBAL SURVEYORS DAY, 21th March 2024

In Mongolia, on the occasion of "GLOBAL SURVEYORS DAY" 2024, Mongolian University of Science and Technology /MUST/ - School of Geology and Mining /SGM/ and Geodesy Measurement and Mapping 5D WORLD Ltd. collaborated to promote the geodesy profession to society.

Activities included:

1. Introducing MUST 3rd and 4th year Geodesy students to the organization's activities and survey equipment.
2. Organizing a 5 km walk in Ulaanbaatar city, BZD 26 committee /26th khoroo/, showcasing professional tools and equipment to promote the geodesy profession and Global Surveyors Day.
3. Hosting a meeting at the field named after geodetic engineers, demonstrating the CHCNAV drone and VR i89GNSS equipment to students, and capturing a commemorative photo.

Congratulations to our colleagues! Every creation starts with geodetic measurement and overs with geodetic measurement.

Happy Global Surveyors Day!
