Your World, Our World:
Resilient Environment
and Sustainable
Resource Management
for All

**I started working in GEODESY
when I was 13 years old.**

**I went to work with my dad
every weekend and at the age of
19 in the field in the 1980's,
I was able to do everything ;-)**

**My father showed me the world
of geodesy and the world of
the surveyor's association
values too.**

Thank you father!

Tomasz Malinowski – man of action

implementation of FIG and President's plans

- greater visibility of FIG, globally, **who are we?**
- what a surveyor does, **basics and their practical dimension**
- better accessibility of smaller countries to meetings FIG
- better adaptability of guidelines FIG
