

# Regional Capacity Development Network

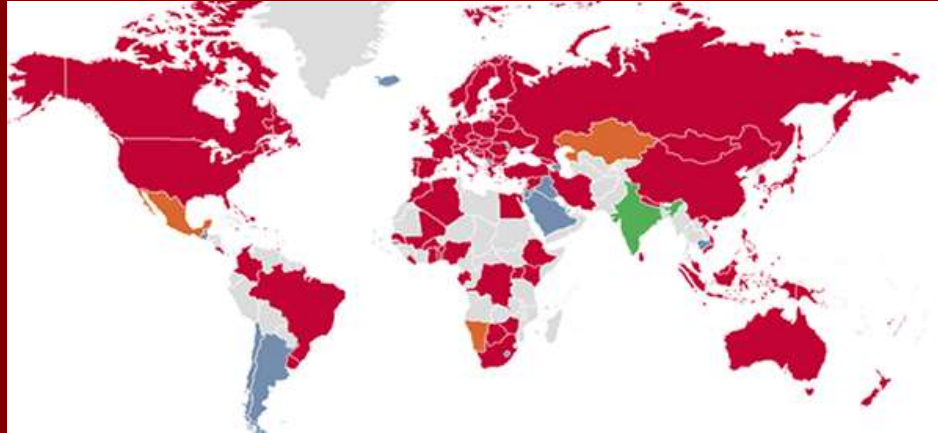

Dr Diane Dumashie  
Chair

**FIG Congress, Istanbul, Turkey**  
**6<sup>th</sup> May 2018**

Regional Capacity Network [www.fig.net/organisation/network](http://www.fig.net/organisation/network)

# Regional Networks Survey Profession

## Operationalised on a Regional Basis

- **FIG:** to support international collaboration for the progress of surveying in all fields
- **Member Associations:** to work collectively in a Region and to assess What their continuing capacity needs are
- **Regional Groups:** How a Regional FIG platform could help and to implement.....

# Regional Networks

- The Regions have delivered in
  1. Africa (ARN)
  2. Asia Pacific (APRCD)
- Other Regions are most welcome

# Africa Regional Network

Chair:

Dr Diane Dumashie

# Aspirational

## What Success looks like

### ARN capacity development platforms

- High level **engagement** for land professionals
- Received **Member Association** encouragement and their participation
- Enabled discussion to make a **difference** (tools etc)
- **Funded** through our sponsors (thank you)
- Proactive **annual meetings/Roundtables**
- **Consolidate** what has been achieved,
- **Continue momentum...**
- Engage at all levels of societal institutions

**Achieved by...**

# Fundamentally

- **Workshops:** 120 attendees over 3 workshops
- **Representation:** from West, East and Southern Africa (10 nations)
- **Brought together:** anglo and franco phone African professionals
- **Documented:** briefing PPT, Video learning, ideas, tool drafting, available proceedings engagement, and
- **Rewarding:** our respective communities

# 2017 Workshop in Rwanda INES – Ruhengeri

## 2017 Activity:

# Addressing the Global Development Agenda

Holding annual capacity development and engagement forums

Our deliberations underpinned by the Global Development Agenda: SDG, VVGT's, NUA

# Inspirational

Africa Workshop themes addressed the challenges and opportunities in:

- **2015 Kenya: Generational Diversity and Technology (SDG5)**

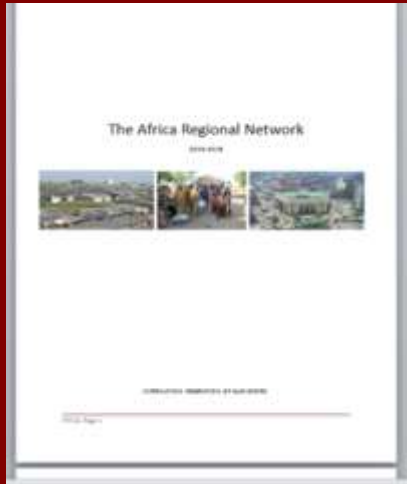

- **2016 Ivory Coast: The Voluntary Guidelines on the Governance of Tenure (VGGT) (SDG 1)**

- **2017 Rwanda: Urban & Rural linkages & infrastructure (SDG 11)**

Term Output.....

# Connectivity - Outcomes

- **Delivered publication #70:** documenting the 8 year ARN history and achievements
- **Promoted ownership** of the network, increase surveyor involvement both across the continent and into the FIG community
- **Built strategic alliances** across the continent with educational & professionals networks, a continuous dialogue with high level African & international agencies/ experts
- **Great visibility and clarity** of FIG benefits to member associations
- **Encouraging the YS Africa** network to utilise this platform

# Action

## Key objectives delivered:

- Supported land professionals in their quest to become **influential** Agents of Change
- Developed a **strategic framework**, how we will do business
- Engaged and built **capacity** across the continent
- Brought **new members** to FIG
- Empowered Africa **Young Surveyors**
- Above all, to ensure network **resilience**-succession planning...

# 2018 Istanbul – ARN Roundtable

*Tuesday @ 7.45am
